MARIANNE (NAN) MEYER | WWW.SIMPLIFIEDBY.ME

1. FREE CONSULTATION

Before we work together, we will meet to discuss your needs and your vision. I'll help you discover your organizing style, and we'll create a plan for your home.

2. GUIDED DECLUTTER

On our first day together, we will begin by decluttering your home. I will ensure that this process is as stress-free and painless as possible and YOU will make all the decisions on what stays and what goes.

3. CUSTOM ORGANIZING

Once we have decluttered, I will help design and implement an organizing system that works with your natural organizing style. You will have complete control over the design of your space.

ORGANIZE MY MOVE

Moving and don't know where to start? I will help you create a plan to keep the move details straight and ensure your move is as stress-free as possible.

We can declutter the home you are moving from for a faster sale. This package includes options for additional help such as packing and unpacking, cleaning and staging.

CLUTTER COACHING

Looking for ongoing support? I offer a coaching package featuring weekly, 30-minute sessions to help you take back control of your home and your life.

Accountability and continued support are key for long lasting success. I can help you declutter, organize and create new and long lasting habits for yourself and your home.
